

How To Do Things With International Law: A Transformative Exploration into the Practice of International Law

In the ever-complex world of international relations, understanding and navigating the intricate web of international law is essential for legal practitioners, policymakers, and global citizens alike. Professor Martti Koskenniemi's groundbreaking work, "How To Do Things With International Law," provides an indispensable guide to the practical application of international law, offering a transformative perspective that goes beyond mere theory.

Unveiling the Purpose of International Law

Koskenniemi challenges the traditional view of international law as a set of abstract rules and principles, arguing instead that it is a dynamic and flexible tool that can be used to achieve specific outcomes. He emphasizes the performative nature of international law, demonstrating that it is not merely a passive framework but an active force capable of shaping international relations.
