In his groundbreaking book, *Pimpology: The 7 Isms of the Game*, author Jason "The Mack" Wilson reveals the inner workings of this hidden world. Wilson, a former pimp himself, provides an unprecedented glimpse into the life and mindset of a pimp. He explores the seven key principles that govern pimpology—the Isms—and shows how they can be applied to any area of life.

## The 7 Isms of the Game

The 7 Isms of the Game are the core principles that guide the life of a pimp. They are:

1. **Image:** The way you present yourself to the world.
2. **Intellect:** The knowledge and understanding that you possess.
3. **Influence:** The ability to get people to do what you want.
4. **Industry:** The hard work and dedication that you put into your craft.
5. **Independence:** The ability to stand on your own two feet.
6. **Intuition:** The ability to read people and situations.
7. **Intimacy:** The ability to build close relationships with others.

Wilson argues that these seven principles are essential for success in any area of life. He shows how pimps use these principles to control their women, build their businesses, and gain respect from others. But Wilson also emphasizes that the Isms can be used for good as well as for evil. He believes that pimpology can be a force for positive change in the world.
