October 2024

The Third International Conference on Digital Disease and Drug Discovery and Delivery (DDDAS 2024) will be held in Boston, MA, USA, October 2024. This conference will bring together leading scientists and researchers from academia, industry, and government to discuss the latest advances in digital disease and drug discovery and delivery.

DDDAS 2024 will feature a wide range of topics, including:

- Artificial intelligence and machine learning in drug discovery and delivery
- Big data analytics for precision medicine

- Digital health and personalized medicine
- Drug delivery systems and nanomedicine
- Genomics and proteomics in drug discovery
- Immunotherapy and cancer treatment
- Neurodegenerative diseases and drug discovery
- Rare diseases and drug development

DDDAS 2024 will also feature a number of invited speakers from leading institutions around the world. These speakers will present their latest research on a variety of topics related to digital disease and drug discovery and delivery.

DDDAS 2024 is a must-attend event for anyone interested in the latest advances in digital disease and drug discovery and delivery. The conference will provide a unique opportunity to learn about the latest research, network with leading scientists and researchers, and explore new collaborations.

Important Dates

- Abstract submission deadline: May 1, 2024
- Early registration deadline: June 1, 2024
- Conference dates: October 1-3, 2024

Location

The Third International Conference on Digital Disease and Drug Discovery and Delivery (DDDAS 2024) will be held at the Boston Convention and

Exhibition Center in Boston, MA, USA.

The Boston Convention and Exhibition Center is located in the heart of Boston's Seaport District. The center is easily accessible by public transportation, including the MBTA Silver Line and the Blue Line.

Registration

Registration for DDDAS 2024 is now open. Early registration rates are available until June 1, 2024.
